SUMMARY

AI and Data Science undergraduate skilled in Java, Python, JavaScript, TypeScript, SQL, React.js, React Native, and Firebase, with experience building full-stack applications, RAG systems, computer vision solutions, and machine learning projects.

EDUCATION

B.Tech in Artificial Intelligence and Data Science (Pursuing) CGPA: 8.4
PSV College of Engineering and Technology 2023 – 2027
Vailankanni Public School (CBSE)

TECHNICAL SKILLS

Programming: Java, Python, JavaScript, TypeScript, SQL
Web/Mobile: React.js, React Native, Firebase
AI/ML: Machine Learning, Deep Learning, Computer Vision, RAG
Analytics: Power BI, Microsoft Excel
Tools: Git, GitHub, Figma

PROJECTS

VASTRA – Fashion Mobile Application GitHub
React Native, Firebase, JavaScript — Developed a cross-platform fashion retail application with Firebase backend, responsive UI, and 100+ users.

Retrieval-Augmented Generation (RAG) AI Assistant
Python, LangChain, Vector Database, LLM — Built a RAG application for document retrieval, semantic search, and context-aware LLM responses.

Real-Time Hand Gesture Recognition System GitHub
Python, OpenCV, Machine Learning — Built a real-time computer vision system to detect and classify hand gestures from live camera input.

Deep Fake Detection System
Python, Deep Learning — Developed a CNN-based deepfake detection system achieving 75% accuracy using image preprocessing and deep learning.

EXPERIENCE

Application Developer JUN 2026 – AUG 2026
Santhosh Lifestyle
- Developed a full-stack retail management application using React Native, JavaScript, and Firebase.
- Implemented billing, customer, inventory, and order management modules.

Data Analytics Intern MAR 2024 – APR 2024
NSIC, On-site
- Analyzed business datasets using Microsoft Excel, Power Query, Pivot Tables, DAX, and Power BI.
- Created analytical reports and visualizations to support data-driven insights.

ACHIEVEMENTS

- Built and demonstrated a working prototype within 30 hours during hackathons.
- Participated in multiple hackathons, developing functional solutions under strict time constraints.

CERTIFICATIONS

Microsoft Power BI Fundamentals • Full Stack Web Development • Data Analytics

LEADERSHIP / ACTIVITIES

Leadership & Collaboration: Team Leadership • Project Coordination • Technical Problem Solving • Effective Communication • Team Collaboration
