PROFESSIONAL SUMMARY

Artificial Intelligence and Data Science undergraduate with hands-on experience in Full-Stack Development and Data Analytics. Skilled in React.js, React Native, Python, SQL, Firebase, Power BI, and Excel. Experienced in developing scalable web and mobile applications, interactive dashboards, and data-driven solutions with strong problem-solving skills.

EDUCATION

B.Tech in Artificial Intelligence and Data Science (Pursuing)

PSV College of Engineering and Technology

CGPA: 8.4

SEP 2023 - MAY 2027

WORK EXPERIENCE

Application Developer

Santhosh Lifestyle

JUN 2026 - AUG 2026

- Designed and developed a full-stack business management application using React Native, JavaScript, and Firebase, supporting core retail operations.
- Built and integrated billing, customer management, inventory tracking, and order management modules, improving operational efficiency.

Data Analytics Intern

NSIC, On-site

MAR 2024 - APR 2024

- Performed data cleaning, transformation, and exploratory data analysis on business datasets using Microsoft Excel and Power BI.
- Applied Power Query, Pivot Tables, DAX, and Charts to prepare, model, and analyze structured data.

TECHNICAL SKILLS

Programming & Query Languages: Java, Python, JavaScript, TypeScript, SQL

Web & Mobile Development: React.js, React Native, Firebase

Data Analytics & BI: Power BI, Microsoft Excel

Tools & Platforms: Git, GitHub, Figma

SOFT SKILLS

Communication, Leadership, Critical Thinking, Problem Solving, Time Management, Team Collaboration.

PROJECTS

VASTRA – Fashion Mobile Application

Technologies: React Native, Firebase, JavaScript

- Developed a cross-platform mobile application for a fashion retail business using React Native and Firebase.

Real-Time Hand Gesture Recognition System

Technologies: Python, OpenCV, Machine Learning

- Built a computer vision system capable of recognizing hand gestures in real time.

Deep Fake Detection System

Technologies: Python, Deep Learning

- Developed a CNN-based image classification model to identify manipulated media with improved preprocessing techniques.

CERTIFICATIONS

Microsoft Power BI Fundamentals

Full Stack Web Development

Data Analytics

ACHIEVEMENTS

- Developed and delivered production-ready software solutions for real-world business requirements.
- Participated in multiple Hackathons, building functional working prototypes within 30-hour timeframes.
